CERTIFICATE OF STABILITY

1. Name of the Building : **SHAMIT SCHOOL**
GUT NO. 45, NAKSHATRAWADI,
PAITHAN ROAD
AURANGABAD

I have personally visited the recently constructed above school building and critically inspected all the structural elements such as columns, beams and slab and also studied the structural design of the building.

The structural design and construction of the above work is in conformity with the provisions of IS 1893-1984-ISO, 13920-1993 for Earthquake resistant design of structures ductile detailing of reinforced concrete structure subjected to seismic force and IS 4362-1993 for earthquake resistant design and construction of building.

I hereby certify that the above building is quite safe and stable and can be occupied for its intended purpose of school building.
